

SHERRI GARRETT

Standing Up for What's Right

The Tennessee Republican Party has **Guiding Principles** that serve as our moral and constitutional compass. I am running for the State Executive Committee to ensure our party returns to these core values.

MY PROVEN RECORD

Medical Freedom

"Individuals have the freedom to choose or deny medical treatments or procedures."

37-Year Nurse: A career built on professional integrity, medical privacy, and standing for individual choice.

Parental Rights

"Parents have the fundamental right to direct the upbringing, education, and care of their children."

Moms for Liberty Chapter Chair: Leading the charge to ensure transparency in schools and protecting the next generation.

Rule of Law

"Laws should be created by legislators, not bureaucrats, and applied equally."

Board of Zoning Appeals (4 Years): Hearing appeals on administrative decisions to ensure government officials follow the law and respect rights.

Constitutional Liberty

"Bill of Rights freedoms are absolute and inviolate, including free speech and the right to bear arms."

Knox for Liberty Leadership: Actively organizing to protect our foundational amendments from government overreach.

Limited Government

"Government should be restrained by the Constitution and stick to a limited scope."

Zoning Variance Authority: Understanding that boards must operate within a limited scope, preventing "rule-making" by unelected officials.

Traditional Family

"The family is the bedrock of society; God's created order includes two biological sexes."

Wife, Mother, & Grandmother: Raised 5 sons and currently fighting to preserve a principled world for 12 grandchildren.

Fiscal Responsibility

"Commitment to a balanced budget, minimal taxation, and no state income tax."

Common Sense Advocate: Supporting free-market solutions and fiscal restraint at the state level to keep Tennessee strong.
